NAME:	ADDRESS:	PHONE:

1. Mr. Jones wants to pay his bill in full. You know that we give a 2% discount when the client pays their bill. If his balance is \$512.00, what should he make the check for?
2. Dr. Bramel injects a calf with tuberculin on Monday, February 27th. He must read the TB injection 72 hours later. What date should he read the TB?
3. Dr Rahe calls to have you get some medicine for a client. He wants you to prepare penicillin for 10 calves that weigh 300 pounds. The client must treat them at 1mL per 100 pounds for 3 days. How many mL's of penicillin will you get ready?
4. Dr Herrig needs some Sulfa for a client's pigs. He needs enough to treat 500 gallons of water for 5 days. You know that 1 pound of sulfa treats 25 gallons of water. How many pounds of sulfa will get ready?
